**Re: Electronic Online Permits Required Starting January 1, 2017**

In June of 2014 the City of Brooklyn Park made a number of online permits available to contractors. Roofing, siding, window, water heater and water softener permits can be easily applied for and granted online. A majority of contractors have chosen to use this streamlined method of applying for permits.

Beginning on January 1, 2017 the City of Brooklyn Park will no longer be accepting paper permit applications for the fore mentioned permits. Faxed or emailed versions will also no longer be accepted. To register and log in for online permits go to [www.brooklynpark.org/building](http://www.brooklynpark.org/building) - Click on the Apply for online permits link to get started.

If you are in need of assistance using the electronic permit process, please contact one of our Program Assistants at 763-488-6379. We also have a computer terminal available at the Building Division front counter if you desire additional guidance.

Sincerely,

Alan Peterson  
Building Official
