Item: Consider Selecting Ehlers Associates as Municipal Finance Advisor through the Year 2024 and Authorize City Officials to Enter into a Contract for Services

City Manager’s Proposed Action:

MOTION ____________, SECOND ____________, TO WAIVE THE READING AND ADOPT RESOLUTION #2019-____ SELECTING EHLERS ASSOCIATES AS MUNICIPAL FINANCE ADVISOR THROUGH THE YEAR 2024 AND AUTHORIZING CITY OFFICIALS TO ENTER INTO A CONTRACT FOR SERVICES.

Overview:

The City of Brooklyn Park and the Economic Development Authority (EDA) have a current contract with Ehlers Associates for City and EDA municipal advisor services. Ehlers has served in this role since before the year 2000. The last RFP was issued in 2009, and Ehlers was re-selected among three competing firms.

The City/EDA issued an RFP in July of 2019 and received two proposals, one from Ehlers and one from Baker Tilly. An internal committee reviewed and ranked the proposals, completed interviews, and based on the scoring, is recommending Ehlers & Associates continue as the City and EDA municipal finance advisor.

On October 21, 2019, the EDA voted to select Ehlers Associates.

Primary Issues/Alternatives to Consider:

What criteria were used to make the selection?

- Quality of the proposal and completeness of responses to the request for proposal
- Experience and skills of team assigned to serve the City/EDA, particularly the lead advisors
- Experience with the City of Brooklyn Park
- References

Budgetary/Fiscal Issues:

Financial advising services are included in the operating budget annually.

4.4A PETITION
Petition for the Brooklyn Park City Council to complete design and reconstruction of our neighborhood collector street 93rd Ave N and reduce traffic speed between Regent Parkway/Avenue and Zane Avenue

We do respectfully request the completion of 93rd Avenue North

Whereas, 93rd Ave was reassigned a city street under city council control between Zane and Noble Parkway when 610 was built and City Council Members agreed to maintenance and street design costs going forward.

Whereas the city council has made additional approaches Urbana Courts/Urbana Place approach and 94th Ave street connections to 93rd and planned a left turn lane to 94th, increasing traffic and need for a slower speed to provide safety for pedestrians and bikes alike, we request a speed limit change to make this roadway consistent with 93rd from Regent to Noble Parkway.

Whereas, construction and road funds were collected for the improvements by Edinburgh Gardens Third Edition, Lennar Homes, Trident Development and Pulte Homes and this roadway is a Municipal State Aid funding road no further collection of special assessments of properties are appropriate to complete this project.

Whereas 500 additional housing units-townhomes and apartments are expected to be completed in 2020, we do request a sidewalk or asphalt pathway for bikes/pedestrians connect Zane to Regent Avenue/Parkway. This is following the city street and parks mission of connecting trails and making the community more pedestrian and bike friendly.

Whereas the 4 way stop provides equal right of way to all directions based on who made a complete stop first, we respectfully request it remains the traffic control at Regent Ave/Parkway and 93rd Ave N, round about is a cost prohibitive factor not necessary.

Whereas the safety of residents living in our neighborhood should warrant the completion of this project timely and speed change immediately. We respectfully request your actions to include this project in the 2020 budget.

In 2016, legislation was passed establishing a presidential nomination primary that will be held on March 3, 2020. The regular Primary will be held on August 11 and General Election on November 3, 2020.

Minnesota State Statute 203B.121, Subdivision 1, requires a ballot board to be established by ordinance or resolution. The Board must consist of sufficient number of trained elections judges appointed by the Council.

The City of Brooklyn Park is a delegated city for absentee voting purposes and Hennepin County will complete the initial phase of the accepting and rejecting for all in-person (Brooklyn Park) absentee ballots received at the Hennepin County Government Center counter. In doing so, it provides the following benefits:
- All in-person absentee voters at Hennepin County will be reviewed within 24 hours or less and contacted immediately if there is a problem or issue.
- Relieves the County from sending on a daily basis ballots received for Brooklyn Park and then requiring the Brooklyn Park Ballot Board to accept and reject within 5 or 3 days.

Adopting the resolution establishes a Ballot Board, appoints ballot board judges and also allows members of the Hennepin County Absentee Ballot Board to act as the Brooklyn Park Absentee Ballot Board when reviewing in-person absentee ballots received at the Hennepin County Government Center counter.

City Manager’s Proposed Action:

MOTION ____________, SECOND ____________, TO WAIVE THE READING AND ADOPT RESOLUTION #2019-_____ AUTHORIZING A DONATION OF UNIFORMS TO MARGIBI COUNTY, LIBERIA.

Overview:
The City of Brooklyn Park has a sister-city relationship with Kakata, Liberia. Kakata is the capital city of Margibi County. On October 30, 2019, staff met with a contingent of Margibi County leadership, including Police Chief Sylvester Hina. During this meeting, Chief Hina indicated he had recently taken over as Chief of the Margibi Police force and found it to be in dire straits. We agreed to meet again and to set up meetings with other law enforcement officials.

Chief Enevoldsen met with Chief Hina again on November 21. During that meeting Chief Hina indicated that he oversees the police operations of all of Margibi County, population 209,000. He has 150 officers that are dispersed over twelve stations, covering 36 cities. His evaluation of the situation left him with four distinct needs. They are pay, training, transportation, and uniforms.

Over the past several decades, the Brooklyn Park Police Department has accumulated hundreds of previously worn uniform shirts and pants. Some uniforms are re-issued to new hires and some are kept in the case of emergencies. A vast number of the uniforms cannot be re-issued given their condition and/or age. Chief Hina looked at these uniforms and indicated that his police force would be delighted to take possession of them.

Pastor Alexander Collins, committee chair for the sister-city relationship, is having a shipping container sent to Liberia in mid-December. With Council permission, we would like to send our old uniforms that cannot be re-issued.

This donation is in support of our sister-city relationship and will help to legitimize the Margibi police in their enforcement efforts.

Primary Issues/Alternatives to Consider:
The uniforms that would be sent have no monetary value to the city. They cannot be sold or re-issued, given their condition. We would remove all patches or insignias that would identify the City of Brooklyn Park prior to shipping.

Budgetary/Fiscal Issues:
We currently have an intern that can take the time to remove patches and arrange this work.

City Manager’s Proposed Action:

Present the proposed 2020-2024 Capital Improvement Plan (CIP), 2020-2024 Capital Equipment Plan (CEP) and 2020-2021 Operating Budget and hold public hearing.

Overview:

The City is required to hold a public hearing on the budget and property tax levy prior to their adoption. Following the public hearing, the City Council may adopt the budget and tax levy at the same Council meeting. Staff is recommending the budget be adopted at the December 9, 2019 Council meeting.

In addition, the City Council is asked to review the proposed 2020-2024 CIP and CEP. The CIP represents necessary projects for general public buildings, park and recreation facilities, public utility facilities, and transportation facilities. The CEP represents necessary replacements of vehicles/equipment, information technology support equipment, and miscellaneous support equipment (800 MHz radios, warning sirens, etc.). The CIP and CEP include five-year summaries of estimated expenditures by year and by funding sources. These estimates and projections are necessary for financial planning by identifying sources (fund reserves, revenues, grants, bonding, etc.) needed to accomplish the proposed projects.

The proposals were presented to the Community Long-range Improvement Commission (CLIC) and Budget Advisory Commission (BAC) at a joint meeting on September 12, 2019.

The City Council received a hard copy of the draft CIP/CEP and a summary of the 2020-2021 operating budget at the Council November 25, 2019 meeting.

City Manager’s Proposed Action:

MOTION ____________, SECOND ____________, TO WAIVE THE READING AND ADOPT RESOLUTION #2019-____ TO APPROVE AMENDING THE SUPPLEMENTAL LETTER AGREEMENT WITH WSB & ASSOCIATES, INC. TO PROVIDE RIGHT OF WAY ACQUISITION SERVICES FOR THE TRUNK HIGHWAY 169 / 101ST AVENUE INTERCHANGE; CIP 4042.

Overview:

At the July 23, 2018 City Council meeting, the City Council approved retaining WSB & Associates, Inc. (Resolution #2018-104) to provide right of way acquisition services for the Highway 169 / 101st Avenue Interchange Project. A Supplemental Letter of Agreement and attached work scope was executed with WSB for the project. The project scope was expanded and an amendment (#1) to the agreement was approved by the City Council on July 8, 2019 (Resolution #2019-109).

Right of Way Acquisition

- Additional Project Management Team meetings with City, SRF and MnDOT necessary due to project complexity.
- Additional parcel sketches and parcel descriptions necessary for Xcel Relocation and Parcel 10 survey.
- Additional relocation work including one more business and additional property inspections.
- Additional work for direct purchase activities and coordination with private utilities for easements after title and possession date of October 14.

The original approved cost for the right of way acquisition services agreement with WSB & Associates, Inc. was $97,182. Amendment #1 added $39,722 of out of scope items for a current total of $136,904. Amendment #2 would add $21,748 of out of scope items for a new total of $158,652.

City staff has reviewed these items and costs and find them to be reasonable and necessary. Staff recommends the City Council approve amending the agreement with WSB & Associates, Inc. for right of way acquisition services for the TH 169 / 101st Avenue Interchange.

Primary Issues/Alternatives to Consider: N/A

Budgetary/Fiscal Issues:

This project is included in the 2019-2023 CIP as CIP 4042 with total expenditures estimated at $30 million. This item is for design and right of way acquisition services assumed for 2019 and is budgeted at $2 million. The City has spent $1,132,000 of the budgeted amount. Thus, there is adequate budget to accommodate the additional $21,748.

City Manager's Proposed Action:

MOTION ____________, SECOND ____________, TO WAIVE THE READING AND ADOPT RESOLUTION #2019-____ TO APPROVE REPLACEMENT HOUSING RENT SUPPLEMENT OF $59,094 TO COSTNEY EGAN FOR THE TRUNK HIGHWAY 169 / 101ST AVENUE INTERCHANGE PROJECT; CIP 4042.

Overview:

The city is working toward the construction of a new interchange at the Trunk Highway 169 / 101st Avenue junction. This work included right of way acquisition from multiple parcels, including a total take of Parcel 7 (8824 101st Avenue North).

Parcel 7 is owned by Kevin Thurs and includes a rental unit. The tenant on the date the title was transferred to the city (October 14, 2019) was Costney Egan. Mr. Egan paid a monthly rent to Mr. Thurs. Minnesota Statute No. 49CFR 24.404.4 stipulates the city must provide a replacement housing payment to Mr. Egan in an amount equal to the difference of what he would pay for a replacement rental ($1,973) minus his current rent payment ($566) over a period of 42 months.

The city's right of way consultant (WSB & Associates, Inc.) provided documentation on the replacement housing for Mr. Egan. These documents (attached) indicate the replacement housing rental supplement payment to Mr. Egan is $59,094.

Staff reviewed the replacement housing documents provided by WSB & Associates, Inc. for Mr. Egan and find them to be accurate and necessary. Staff recommends the City Council approve the replacement housing rent supplement of $59,094 to Costney Egan for the TH 169 / 101st Avenue Interchange Project.

Primary Issues/Alternatives to Consider: N/A

Budgetary/Fiscal Issues:

This project is included in the 2019-2023 CIP as CIP 4042 with total expenditures estimated at $30 million. This item is for right of way acquisition assumed for 2019 and is budgeted at $8 million. To date, the city has expended approximately $4 million on right of way acquisition for the project. Therefore, there is adequate budget remaining to fund the requested $59,094 replacement housing rent supplement payment.

REPLACEMENT HOUSING RENT SUPPLEMENT

Dear Costney,

This is to inform you that on September 19, 2017, the City of Brooklyn Park initiated negotiations or otherwise committed to the owner to acquire the above referenced property. In accordance with State and Federal regulations, occupants of at least 90 days prior to this date may be eligible for a rent supplement payment. The rent supplement is the difference, if any, between the rent and utilities of a rental property available on the market, and the rent and utilities you are currently paying.

A survey has been conducted of available rental housing in your area. This survey has determined that, as of this date, you are entitled to a rent supplement payment of up to $59,094.00. This amount is subject to change based upon verification of household income. This amount sets the upper limit of your rental assistance payment(s) and is based on the difference between the rent and utilities of your present home, and the cost of currently available rental housing, computed for a period of three and one half years (42 months) from the date you occupy your replacement home. The rent supplement payment may be paid in installments at the agency's discretion. A replacement property is available at the following location:

9648 – Upton Avenue N, Brooklyn Park, MN

In order to qualify for the payment, you must occupy an approved dwelling within one year after the date you are required to vacate your present housing. Such a dwelling is one which is inspected and approved by a Relocation Advisor to assure that you have relocated into housing which meets decent, safe, and sanitary requirements. You must also provide any necessary verifications as requested by the agency.

If you rent housing that does not require you to pay this total amount over the next 42 months, your total rental assistance payment(s) will be reduced accordingly. In the event you decide to purchase a home, the supplemental rent payment may be used as a down payment, re-computed on a different basis.

If you have need of further information, please contact me at 612-246-9695.

Sincerely,

Faye M. Gillespie

### Standards for Decent, Safe and Sanitary Housing

The term "decent, safe, and sanitary" or DS&S means a dwelling which meets local housing and occupancy codes. However, any of the following standards which are not met by the local code shall apply, unless waived for good cause by the agency. The dwelling shall:

(i) Be structurally sound, weather-tight, in good repair and adequately maintained.

A replacement dwelling may exhibit limited and correctable deferred maintenance and general physical defects which do not pose a threat or prohibit habitation.

(ii) Contain a safe electrical wiring system adequate for lighting and other devices.

(iii) Contain a heating system capable of sustaining a healthful temperature (approximately 70°F).

(iv) Conform to local housing and occupancy codes including size, area of living space, and habitable sleeping rooms to accommodate the displaced person. Meet requirements for separate bedrooms for children of opposite gender as outlined in the local housing code.

Absent local codes, the agency shall evaluate each displacee’s need. Sleeping occupancy of “2-per-bedroom” is recommended, except that children of age 12 or older upon displacement shall not share a sleeping room with those of opposite gender.

(v) Have a separate well lighted and ventilated bathroom that provides privacy to the user and contains a sink, bathtub or shower stall, and a toilet, all in good working order and properly connected to appropriate sources of water and to a sewage drainage system.

For a housekeeping dwelling, have a kitchen area with a fully usable sink properly connected to a hot and cold water, a functioning sewage system, and adequate space and utility service connections for a stove and refrigerator.

(vi) Contain unobstructed egress to safe, open space at ground level.

(vii) For a displaced person with a disability, be free of barriers precluding reasonable ingress, egress or use by the displaced.

City Manager’s Proposed Action:

MOTION ___________, SECOND ___________, WAIVE THE READING AND ADOPT ON FIRST READING AN ORDINANCE AUTHORIZING CONVEYANCE OF CITY-OWNED PROPERTY (FAIR OAKS PARK) TO EXCELL ACADEMY.

Background:
In 2017, the Excell Academy charter school approached the City about purchasing a small section of park land to build a playground on City Property. At the time, the School was leasing the building where the school resides. Director Yungers responded that the City would not entertain this proposal as the school did not own the property and could not purchase as a lessee of the property and that the City would have to work with the current landowner to entertain this proposal.

On February 4, 2019, the City Council discussed Excell Academy’s proposed purchase and expansion of the school. The key issues discussed included the City serving as a conduit for tax-exempt bond financing on behalf of the project and whether the Council was comfortable with the property moving to tax-exempt status. The Council was supportive of the project moving forward.

In August of 2019, staff received a formal request from Excell Academy to acquire a portion of Fair Oaks Park at the southeast corner of Zane Avenue and Highway 694 for the expansion of its Charter School. The School is currently leasing the 6510 Zane building but is in the process of acquiring the property.

On September 18, 2019, Recreation and Parks Director Jody Yungers brought the request to the Recreation and Parks Advisory Committee (RPAC) for discussion. Fair Oaks Park was identified as a candidate for future sale in the City’s Park System Plan. RPAC was supportive of the sale but wants to ensure that the proceeds from the sale of park land be used to relocate the cricket facility currently located in Fair Oaks Park elsewhere in the system.

On October 4, 2019, Director Yungers brought the potential sale of Fair Oaks Park to the City Council Work Session to gauge their interest and discuss concerns. The City received the results of the appraisal and staff presented multiple options for the City Council to consider.

Appraisal:
Staff requested an appraisal from Nagell Appraisal & Consulting, a firm based in Plymouth that has appraised more than 300 properties for the City of Brooklyn Park. An appraisal for all three parcels of land outlined in the map below is what makes up Fair Oaks Park. The appraisal report was received on September 4, 2019 and identified the greatest value (business) for the property at $1,130,000 ($4.47 x 252,648) both with and without the storm water pond, which is currently in use by MnDOT.

The City Assessor determined the cost per square foot for park value to be $694,949 ($2.75 x 252,648).
The table below lays out multiple options to be considered and references the potential vertical split of the property that aligns with the Excell Academy proposed expansion, thus allowing for the potential of a future business building to be developed on the west parcel.

- Property would remain tax exempt as Excell Academy is a Charter School.
- If we sell only the East section of the park property to Excell Academy, then the West side of the park property would be available to sell at best value for future business/industrial use and stay on as taxable.
- Proceeds from the sale of the park property would be added to the OSLAD Fund.
- Retain ownership of the storm water pond, as per a MnDOT agreement.
- The sale of park property could be used (designated) to develop other cricket fields within the park system.

**Property Plat Options:**
Public Land Sale Process:
Section 14.06 of the City's Charter allows the sale of City-owned real property but requires that an ordinance be adopted by the City Council that authorizes the conveyance of the property. The City Council is also required to conduct a vacation proceeding with respect to the park. Section 14.07 of the City Charter states that the City Council may vacate "any public grounds," but states that vacation of public grounds cannot be made unless it is in the interest of the public to do so. Finally, pursuant to Minnesota Statutes Section 462.356, subdivision 2, the Planning Commission must review the sale of the property and report in writing to the City Council on its findings as to the compliance of the proposed sale with the City's Comprehensive Plan.

The following is the process that the City should follow if it decides to sell the property:

1. The City Attorney should conduct a complete investigation of the title of the property in order to make sure that there are no restrictions that would prohibit or limit the City’s use or disposal of the property. Although the City Attorney has already reviewed some of the property records that were given to us by the City, a complete title search of the property still needs to be completed. It is important that a full investigation of the title of the property be completed before the sale occurs.

2. After the City Attorney has verified that there are no title restrictions limiting the City’s ability to sell the property and the EDA has negotiated the terms of the sale of the property with the buyer, the City Council should then conduct a vacation proceeding. Because there has been no petition requesting that the park be vacated, the City Council must approve the vacation by a six-sevenths vote. There must also be a public hearing on the vacation.

3. The Planning Commission should review the sale of the park and report in writing to the City Council its findings as to the compliance of the proposed sale with the City’s Comprehensive Plan.

4. After receiving the Planning Commission’s report, the City Council will need to adopt an ordinance authorizing conveyance of the property to the buyer.

5. After the ordinance is adopted by the City Council, the City can then convey the property to the buyer. Section 14.06 of the City Charter requires that the proceeds of any sale of property to be used as much as possible to retire any outstanding indebtedness incurred by the City in the purchase, construction or improvement of the property or other property used for the same public purpose. If there is no such outstanding indebtedness, the City Council, by resolution, may designate another public use for the proceeds. Staff will recommend that the sale of the proceeds be put into the OSLAD fund for future park system enhancements.
