

Arbor Day Tree Sale

In celebration of Arbor Day, the City offers bare root trees at wholesale prices to residents.

About bare root trees

The trees are sold in bare root form. The average caliper size of these trees is 1 to 1.5 inches with an average height of 8 to 10 feet. These bare root trees do not meet newly constructed home landscape requirements of 2 inches. For best results these trees will need to be planted the same day they are picked up.

Price and ordering details

- The cost per tree is between \$37 and \$82 depending on the species.
- Trees are on a first order basis
- Trees must be pre-paid
- Limit 10 trees per Brooklyn Park household
- 223 trees in total are available

No refunds or replacements

The City does not assume responsibility for the successful transplanting of these trees. Weather conditions, methods of handling and aftercare govern the results. Trees will be sold with the understanding that if they arrive in good condition and are accepted, the city's responsibility ceases. Therefore, we do not give out refunds or replace trees that fail.

We do not give refunds for trees not picked up.

Deadline

Orders received after April 29, 2022 may not be accepted or filled, due to a limited supply.

Placing an order

- Call 763-493-8333
- Order online at www.brooklynpark.org/arborday
- Turn in the order form with cash or check

Picking up your tree

Trees will be available for pick up Saturday May 7, 2022, 8-11 a.m.

Operations & Maintenance facility
8300 Noble Ave. N.
Brooklyn Park, MN 55443

- Bring your Arbor Day reminder post card, sales receipt, or driver's license.
- Bring a vehicle large enough to hold your purchase.
- For best results these trees will need to be planted the same day they are picked up.

Call before you dig

Have underground utilities located in your yard before you dig. Contact Gopher State One call at 651-454-0002 at least two working days in advance.

Arbor Day Tree Sale

Species available

Name	Example	Description	Total with tax
Birch, Whitespire		Has chalky white, non-exfoliating bark. More resistant to the birch borer. Thrives in a wide range of soils. Height: 30-40', Spread: 20-25' Foliage: Green, Fall Foliage: Yellow Zone: 3-7, Exposure: Full Sun, Partial Shade	\$51
Cherry, Evans Bali		A compact fruit tree. During mid-spring it produces stunning clusters of fragrant white flowers. Height: 15-20', Spread: 10-15' Foliage: Green, Fall Foliage: Orange Zone: 3-8, Exposure: Full Sun	\$42
Apple, Honeycrisp		Exceptionally crisp and juicy. Flavor is sweet but right for eating, cooking, or baking. Ripens in September. A 1991 University of Minnesota patented introduction. Height: 10-14', Spread: 8-10' Foliage: Green, Fall Foliage: Yellow Zone: 3-7, Exposure: Full Sun	\$41
Elm, Cathedral		Has a spreading vase-like shape with good resistance to Dutch elm disease, elm leaf beetle and other leaf-cutting insects. Height: 50-80', Spread: 40-60' Foliage: Green, Fall Foliage: Gold/Yellow, Orange Zone: 5-9, Exposure: Full Sun	\$49
Maple, Firefall		A hybrid of a Red Maple with its fiery hot autumn coloration and a Silver maple that gives it its noteworthy, elegant lacy leaves. Height: 40-50', Spread: 30-40' Foliage: Green, Fall Foliage: Orange-Red, Red Zone: 3-7, Exposure: Full Sun	\$57
